The Villages® Recreation Centers

Dear Villager,

The Villages Recreation Department welcomes you to a world of fun, friendships and learning! Our team of recreation specialists and volunteers are here to help you explore the variety of services and facilities we offer to enhance your active lifestyle in Florida's Friendliest Hometown!

Very often the first stage of your learning adventures will take place in the classrooms of The Villages Lifelong Learning College. There, you can match your interests with the experience and expertise of knowledgeable instructors who are passionate about the same subjects that you are! From visual art to writing, from computer science to yoga, there's something for just about everyone in our constantly evolving course offerings. A small fee is charged to support these informative and enjoyable learning opportunities.

After having received a foundation of knowledge in The Villages Lifelong Learning College, you may wish to follow up your classroom experiences with some practical (and fun) use of what you've learned! For example, if you've taken a class in line dancing or scrapbooking, The Villages Recreation Department can be your gateway to connecting with other line dancers or scrapbookers who want to practice or work together to improve their skills. Activities such as these that are organized and supervised through The Villages Recreation Department are supported totally by your monthly amenity fees.

When enjoying Recreation Department sponsored activities we ask you to remember the following guidelines:

- Please, always carry your original Villages ID and follow all posted rules and regulations in your activity location – including all posted age requirements at all centers.
- Prior to getting involved in your recreational program, be sure to consult a physician to ensure you are ready to participate if your interests include strenuous activities.
- Please be sure to fill out the required waiver at your recreation center before joining in the fun and always wear appropriate attire while at the recreation center.

The Villages Lifelong Learning College and Recreation Department are great resources for Villages residents who enjoy learning and then putting their knowledge to work! Our dedicated staffs are anxious to help you get the most out of your unique Villages Lifestyle!

VISION

"The Recreation Team, of staff and resident volunteers, will be the leader in changing the concept of Recreation activities in the retirement industry"

MISSION

"To create and implement excellent recreational opportunities that promote an active and healthy lifestyle"
