

Speaker Series 2020

Florida's Wild and Wonderful Weather

Join **Dr. Jennifer Collins**, Professor of Geosciences at the University of South Florida, in this visual presentation about hurricanes. As a hurricane researcher, Dr. Collins will discuss recent Florida hurricane evacuations and the interaction between large scale climatic patterns and hurricanes. Come explore past hurricane seasons, hurricane preparedness, and what to expect in 2020.

Speaker Series 2020

The Healing Power of Music

Gayle Cohen, Vocalist, and Keynote Speaker is thrilled to be touring with her original seminar entitled, "The Healing Power of Music". Join Gayle on this one-of-a-kind, autobiographical, and musically interactive journey through her 35-year career. She will share first-hand experiences and teach how music is used to lift and heal body, mind, and spirit. Topics include Everyday Stress, Loss of Spouse or Friend, Divorce, Illness, and more.
