Meeting the needs of The Villages community Residents is our primary objective.

PURPOSE

To provide and preserve the lifestyle of Florida's Friendliest Hometown.

VISION

To be respected as the most responsive and responsible Community Development District.

MISSION

To provide responsible and accountable public service that enhances and sustains our community.

Maintaining Momentum ...

It is amazing to realize that we are already entering the fourth month of 2019! Spring has launched and there is so much change (and pollen) in the air. For most of us "Spring" evokes the revitalization and rebirth of nature, yet, as a term it also references movement and growth - a "sudden jump upward or forward". Both meanings are exemplified daily in The District both visually and throughout our organization:

- If you haven't been down to District 12 Marsh Bend areas, be sure to visit. Cattail Recreation Center is now open and residents are enjoying the resort style pool, pitch and play and numerous walking paths.
- Along with the new Recreation Center and the blossoming spring plant growth, each
 department has "grown", and submitted, their budget proposals. There are many new
 capital and operating needs that will be competing this year along with our more traditional District needs of new roofs, multi-board fence replacement and Villa street paving needs.
- This spring has also brought our first delivery of new District lease vehicles- more fuel efficient and environmentally friendly.
- Our Supervisors of District Boards are busily revamping their respective Board Rules,

Policies and Procedures. Their efforts reflect how they will address such issues as civil discourse, Supervisor mid term vacancies and selection of their officers.

• This spring is a time to also continue "growing" our organizational processes, both manual and computer-based. Our second phase of our BS&A financial platform is starting to take shape, setting the foundation for our asset management program has begun, and our document imaging project is in full swing. In addition,

our move to a new payroll/human resources information system has taken root.

 Our staff and consultant efforts with regard to Hurricane Irma reimbursable expenses are now going into round three of our responses to Federal requests for more information.

 Preparation for our June Momentum meetings has also begun, so look for more information coming soon.

As you can read, lots to see and note - so "spring" into action and get down to Cattail and the Marsh Bend areabefore Spring has sprung!

IN THE SPOTLIGHT...

Pamela Webb ~ Human Resources ~ Human Resources Manager

Where were you born & raised and went to school? I was born and raised right here in Sumter County. Graduated from South Sumter High School, and obtained my Bachelor's Degree from Waldorf University.

What was special about where you were from? Our claim to fame when I was growing up was the Webster Flea Market, and the Bevilles Corner drive-in.

Tell us about your family, people (including pets!) in your life... Most of my family lives in Sumter County. We are able to get together for holidays, and birthdays and I love that we are vey close. Hobbies? Favorite activities? I love fishing, boating, cooking, and spending time with my family. Who has been the most influential person in your life and why? My grandmother. She was the most patient, kind, helpful and creative person that I have ever known. She always knew what to do in any situation, and I strive to be like her.

What's the best advice you ever received? Be honest, be kind, and never stop learning.

What is the career & training path that led you to the Districts? I love working with people, and

learning new things. I was very excited when I was given the opportunity to bring my knowledge and experience to the District.

Can you tell us about your day-to-day responsibilities? Currently I am meeting with all of the Department Heads to learn more about their roles within the District, and struggling daily to remember people's names.

What is your favorite aspect of working for the Districts? Providing assistance to the employees. What is the most interesting thing you have ever seen? Cars attempting to use the golf cart path!

My favorites...Movie: Fried Green Tomatoes ...Television Show: Grey's Anatomy

Sports Team: Little League Baseball ...Vacation Spot: Key Colony Beach, Marathon, FL ...Restaurant: McAlister's Deli

Food: Taco's...Dessert: Warm chocolate chip cookies

Cheryl Bidwell ~ Public Safety ~ Administrative Assistant

Where were you born & raised and went to school? I was born and raised in Yorba Linda California. I went to Esperanza High School In Anaheim, California.

What was special about where you were from? Yorba Linda is the birth place of Richard Nixon and where his presidential library is located. It's also known as the land of gracious living, and, is a beautiful place to grow up.

Tell us about your family, people (including pets!) in your life... My parents are living in The Villages and love it! They chose to retire here and I decided to follow them. I have a daughter who is 5 and attends kindergarten at the Charter School. I also have a brother, sister-in-law, nephew and a niece on the way. They live in Miami.

Hobbies? Favorite activities? I enjoy traveling and spending time with my daughter going to Disney World and the water parks.

Who has been the most influential person in your life and why? My mother. She paid her way through college and always worked full time as a chemist. She always came home and cooked meals for my brother and I. She was a great role model on how hard work pays off.

What's the best advice you ever received? To always have faith in yourself, sometimes you can be too hard on yourself and to just do the best you can.

Can you tell us about your day-to-day responsibilities? I answer phones and help staff with administrative duties. I sign people up for CPR classes and set up rooms for training classes.

What is your favorite aspect of working for the Districts? Learning new things and helping residents have a safe and happy retirement. What is the most interesting thing you have ever seen? Last summer I went to Aruba for vacation and went snorkeling at a shipwreck. The sea life was very beautiful.

My favorites...Movie: The Little Mermaid ...Television Show: Anything on Bravo

Children & Pet Safety

With the warmer weather coming, it is imperative that we are aware of the dangers of leaving our children or pets in a hot car. Cars heat up quickly so never leave your children or pets in the car, even for a guick errand.

What can you do?

- Always "Look Before You Lock"! First, make a habit of looking in the rear seats before leaving your vehicle, even when children are not traveling with you.
- Always lock your vehicle so that children cannot gain access on their
- Use the drive-through for errands when available.
- Bring another adult with you to stay in the car with your child or pet while you run your errand.
- Keep your purse, briefcase or cell phone in the back seat as a re-

minder you have your child or pet in the car.

What to do if you see this occur:

 If you see a child or pet in a hot car, call 911.

Avoid Occupational Back Injuries

According to the Bureau of Labor Statistics, musculoskeletal disorders accounted for 33 percent of all workplace injuries and illnesses requiring days away from work in 2011. Additionally, BLS notes that for all occupations, the back was injured in 42 percent of reported MSD cases and required a median of seven days to recuperate. The first step to preventing back injuries is to get in good physical shape and maintain it, the Washingtonbased Laborers' Health and Safety Fund of North America notes. Being overweight, especially when most of the excessive weight is carried in the abdomen, creates tremendous stress on the back. The organization also advises the following:

- Become educated about avoiding back injuries on the job.
- Stretch before work. A slightly elevated heart rate gets blood flowing to the muscles as well as to the discs between the vertebrae in the spine.
- Maintain good posture.
- When facing a specific task, always assess the load and decide if it can be handled by one person. Check for obstacles in the path. Set the task up to be as easy as possible.
- Note that back belts do not prevent back injuries and can provide a false sense of security.
- Keep in mind that some tasks can be done safer with mechanical equipment such as lifts or other lifting equipment.
- When lifting, bend the knees and get as close to the load as possible. Keep the back straight and use the legs to do the heavy work. Avoid twisting when lifting, carrying or lowering the load. When carrying, keep the load as close to the body as possible. When finished, take a few seconds to straighten and stretch the back.

Recognizing Our Core Values In Action!

Recreation Service Representative Nancy Schaffer, Recreation Assistant Michael Hohnemann, Recreation Assistant Edward Steward and Recreation Facilities Manager Tracy Whitten (pictured left to right) were recognized for their hospitality. "We recently had 52 members attend our first catered dinner and the evening was a great success! The real reason our night was so successful is because Tracy had her team of Nancy, Michael and Edward working that evening. They were

always there to help and make everyone feel special throughout the night. It's great to see how they treat each other and the residents of The Villages with their positive can do attitude! They are a special team and we wanted you to know how much they are appreciated."

Billing & Collection Technician Julisa Reyes received praise for her hospitality. The resident stated "Julisa is a gem and we're thankful she's on your team."

DPM Supervisor Bill Thompson received a compliment from a resident. "The rest of the Villa are so happy with the job done in Villa Escondido this week. The company was very courteous and respectful to the residents!"

Facility Specialist Mike McDermott (pictured) and Recreation Assistant Ed Nypaver were recognized for their hospitali-

ty. "John, we completed a very successful event last evening at the La Hacienda Recreation Center. The event, for a sold out room, required the set up and take down of 58 tables and almost 350 chairs. This is in addition to helping with the set up for computer and audio/visual presentations. While there were obviously many people involved with the entire process, allow me to mention Mike who provided the

initial setup guidance that created the room set up chart for all to follow and Ed who was on site and went out of his way to help dot the I's and cross the T's. We are fortunate to have men like Mike and Ed willing to provide the assistance that is required and do so in such a customer friendly manner."

Customer & Administrative Support Representative Sam Getz received praise for his hospitality. "Thanks for your kindness. You got my vote for employee of the year."

A resident recently commented about *our Employees*. "I'll say this about the employees in The Villages, they are the nicest people"

Recreation Administration and the Staff at Pimlico Recreation Center received a thank you card. "Please extend my thanks to your Recreation staff at both the main office and Pimlico Recreation Center. Their handling of the setup of my husband's celebration of life was compassionate, professional, kind and very much appreciated. Thank you."

Lieutenant Robert Meffen, Firefighter Paramedic Chris Stevenson and Firefighter Paramedic Gene Wine recently assisted an out of town couple with changing a flat tire.

Recreation Assistants Kathy Arruda and Bob Silk received a call thanking them for their hospitality. The Resident said how appreciative she was with the handling of a surprise retirement party held at Coconut Cove Recreation Center. She especially wanted to mention how helpful and courteous Kathy and Bob were. She proceeded to say how she has never been treated so kindly or offered so much help as she was during the event. And many people attending the party were just as impressed with the staff as she was.

Administrative Assistant Mary Ann
Stumpf and Public Education Technician
Bob Sjogren received a thank you call for
their help in scheduling and installing a
resident's smoke detectors. The resident
appreciated the their prompt, courteous

service. In addition, Bob received a thank card thanking him for a smoke detector installation.
