**PETITION TO AMEND BOUNDARIES OF  
VILLAGE CENTER COMMUNITY DEVELOPMENT DISTRICT  
BY DELETING CERTAIN LANDS  
PURSUANT TO FLORIDA STATUTE 190.046**

Petitioner, Village Center Community Development District, a Community Development District duly established by an ordinance of the Town of Lady Lake, Florida, pursuant to the powers set forth in Chapter 190, Florida Statutes, petitions the Town Commission of the Town of Lady Lake, Florida (hereinafter referred to as "Town"), pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, to adopt an ordinance amending the ordinance heretofore adopted establishing the Village Center Community Development District (hereinafter referred to as the "District") by eliminating certain lands from the District:

1. Petitioner is a Community Development District duly established by an ordinance of the Town, pursuant to the powers set forth in Chapter 190, Florida Statutes, with its principal place of business at 1200 Avenida Central, Lady Lake, Florida.

2. The land area to be served by the District after the amending the District boundaries as requested would comprise approximately 155.85 acres. A map showing the location of the land area to remain in the District is attached as Exhibit "1", and lies within the Town of Lady Lake, Lake County, Florida. A legal description of the external boundaries of the District as it exists today is shown as Exhibit "2" attached hereto. Exhibit "3" is a legal description of the area which Petitioner proposes to delete from the District. Exhibit "4" lists the names and addresses of real property owners within the external boundaries of the District which are to be excluded from the District. There should be no impact of the proposed District on the real property to be excluded from the District, since the areas will continue to be served by water and sewer services provided by the District. Attached as Exhibit "5" is documentation constituting written consent to the deletion of the parcels requested hereby to be excluded by the owner thereof.

3. A legal description of the District after the proposed amendment is attached as Exhibit "6".

4. The five persons currently serving as the members of the Board of Supervisors of the District who shall serve in that office until replaced are named in Exhibit "7" attached hereto.

5. It is proposed to continue with the name "Village Center Community Development District".

6. A map of the District as proposed to be amended showing current major trunk water mains and sewer interceptors and outfalls is attached as Exhibit "8".

7. All District services proposed to be furnished are in place.

8. All the property proposed to be excluded and all of that proposed to remain in the District is designated CPC, pursuant to the approved development plan of the Orange Blossom Gardens South Development of Regional Impact Development Order, and under the Lady Lake Land Use Element and Future Land Use Map attached as Exhibit "9".

9. A statement of estimated economic impact of the granting of this Petition is attached as Exhibit "10".

WHEREFORE, Petitioner respectfully requests the Town of Lady Lake to:

A. Schedule a public hearing to consider this Petition in accordance with law.

B. Grant the Petition and adopt an ordinance amending the original ordinance establishing the District, deleting from the District the lands described on Exhibit "3".

Respectfully submitted this 26 day of July, 1996

# **EXHIBIT 9** **VILLAGE CENTER COMMUNITY DEVELOPMENT DISTRICT** **LAND USE MAP**

The Village Center Community Development District (District) is contained within a Development of Regional Impact (DRI) known as the Tri-County Villages. A Development Order was issued by the Town Commission of Lady Lake, Florida on January 18, 1988. The Development Order was amended on May 7, 1990 and again on October 12, 1994. The October 12, 1994 amendment to the Development Order also required a Comprehensive Plan Amendment to the Lady Lake Comprehensive Plan. This Plan Amendment was found in compliance with Chapter 163 F.S. by the Florida Department of Community Affairs through a Notice of Intent issued on July 29, 1994. This Plan Amendment represents the most recent amendment to the Comprehensive Plan Future land Use Map and is shown below. The intended land use in the District is Commercial-Retail. The District is shown on the Lady Lake Future Land use map as Commercial Retail land, therefore the District is consistent with the Future Land Use Plan.

**EXHIBIT 10**  
**ECONOMIC IMPACT STATEMENT**  
**FOR AMENDING THE BOUNDARIES OF THE**  
**VILLAGE CENTER COMMUNITY DEVELOPMENT DISTRICT**

The following economic impact statement is submitted as an exhibit to the Petition to Amend Boundaries of the Village Center Community Development District ("District"). The developer for the District is Villages of Lake-Sumter, Inc., a Florida Corporation ("Villages"). The purpose of this economic impact statement, as required by Sections 190.005(1)(a), and 120.54(2)(c), F.S., is to examine the economic benefits and consequences of amending the District boundaries and make recommendations, if any for reducing adverse impacts. The contents and observations of this economic impact statement are consistent with Section 120.54(2)(c) and are based on empirical analysis of all the factors involved with the District.

A Community Development District ("CDD") is an independent special taxing district created and authorized by Chapter 190, F.S., established to plan, finance, construct, acquire, operate, and maintain community-wide infrastructure in planned community developments. In accordance with Chapter 190, F.S., the District will be empowered to manage and finance: (1) water management and control systems; (2) water and wastewater systems; (3) District roads; (4) parks and recreational facilities; (5) public services facilities; (6) other infrastructure as required by the development order. CDDs provide a "solution to the state's planning, management, and financing needs for delivery of capital infrastructure in order to service project growth without overburdening other governments and their taxpayers".

A CDD is not, however, a substitute for the local general-purpose governmental unit (i.e., Town of Lady Lake in which this District lies). A CDD, as a limited local special-purpose government, has no permitting, zoning, police nor many of the other powers possessed by local general-purpose of managing and financing specific infrastructure for community development. It is therefore evident that a CDD is solely an alternative means of managing, financing, constructioning, acquiring, operating, and maintaining community-wide infrastructure for planned developments.

Based on the limitations of power and function of the District described above, the scope of this economic impact statement is solely limited to evaluating the consequences of amending the District boundaries. The limitations on the scope of this economic impact statement are explicitly set out in Section 120.54(2)(c) F.S.

The amended district is comprised of approximately 156 acres of commercial, recreation, open space, and related roads. The amended District is currently approved for

development within The Tri-County Villages Development of Regional Impact (DRI) for approximately 1,250,000 square feet of all community commercial uses as listed in the Town Land Development Regulations.

Section 120.54(2)(c), F.S. describes the eight elements of an economic impact statement required for creating or amending a CDD. The required elements that must be addressed are listed below in bold type followed by any expected economic impacts.

**1. AN ESTIMATE OF THE COST TO THE AGENCY, AND TO ANY OTHER STATE OR LOCAL GOVERNMENT ENTITIES, OF IMPLEMENTING AND ENFORCING THE PROPOSED ACTION, INCLUDING THE ESTIMATED AMOUNT OF PAPERWORK, AND ANY ANTICIPATED EFFECT ON STATE OR LOCAL REVENUES;**

Since the District, following this amendment, is smaller than 1,000 acres, approval by the Florida Land and Water Adjudicatory Commission (Cabinet) is not required, and therefore, no costs for the Cabinet. The District is also required to submit reports to the Department of Community Affairs (DCA) which will incur cost for processing and review, however, the DCA charges each special district a \$175 annually to offset this cost.

Other than the administrative, there will be no additional cost incurred by either the State or the general citizenry as a result of amending the District. The District was established to serve the needs of its landowners by managing, constructing and/or acquiring, financing, operating, and maintaining the infrastructure and urban services needed by the District landowners. The amended District will require no subsidies from the State or its citizens for these services.

The Town will incur a cost for the review of this petition to amend the District. As an offset to this cost the petitioner will provide the Town with an applicable filing fee. This fee should equal the amount of cost incurred by the Town for its review.

**2. AN ESTIMATE OF THE COST OF THE ECONOMIC BENEFIT TO ALL PERSONS DIRECTLY AFFECTED BY THE PROPOSED ACTION;**

The Villages, the major landowner of the areas being deleted from the District, will incur substantial costs in preparing this petition and if the amended District is approved these costs can be grouped into five categories: (1) planning for the amendment; (2) contributions of management and technical assistance; and (3) landowners; participation in the governmental process. Planning for this amendment is costly and time consuming when considering the working group includes attorneys, engineers, planners, and experienced district management.

3. AN ESTIMATE OF THE IMPACT OF THE PROPOSED ACTION ON COMPETITION AND THE OPEN MARKET FOR EMPLOYMENT, IF APPLICABLE;

The District will have a modest effect on competition in the commercial market in the Lady Lake area and in those areas where there are development projects similar to the proposed development. To understand the nature of these competitive effects, it is important to recognize the type of project envisioned. The development is designed as a high quality commercial development. As such, it competes with other developments serving this same market niche. There is no unique competitive advantage conferred upon the amended District or deleted parcels which is not available to everyone else in the market competing in the niche the District will serve.

4. AN ANALYSIS OF THE IMPACT ON SMALL BUSINESS AS DEFINED IN THE FLORIDA SMALL AND MINORITY BUSINESS ASSISTANCE ACT OF 1985;

The amended District will not adversely impact small businesses. Small businesses that decide to locate in the District may be subject to special assessments above and beyond those paid by small businesses located outside its boundaries. Locating in the District is completely voluntary and small businesses can determine for themselves whether the benefits of any additional assessments are worth the added expense.

5. A COMPARISON OF THE PROBABLE COSTS AND BENEFITS OF THE PROPOSED CHANGE TO THE PROBABLE COSTS AND BENEFITS OF NOT ADOPTING THE CHANGE;

The cost for amending the District boundaries are discussed above. As stated there are no cost to the Town or State for amending the District boundaries. The benefits of amending the District are improved alternate land use for the deleted parcels.

6. A DETERMINATION OF WHETHER LESS COSTLY METHODS OR LESS INTRUSIVE METHODS EXIST FOR ACHIEVING THE PURPOSE OF THE PROPOSED CHANGE WHERE REASONABLE ALTERNATIVE METHODS EXIST WHICH ARE NOT PRECLUDED BY LAW;

Since all costs for amending the District boundaries will be paid by the landowners involved there are no cost to the Town. There are no less costly or intrusive methods for amending the District boundaries.

7. A DESCRIPTION OF ANY REASONABLE ALTERNATIVE METHODS, WHERE APPLICABLE, FOR ACHIEVING THE PURPOSE OF THE PROPOSED CHANGE WHICH WERE CONSIDERED BY THE AGENCY, AND A STATEMENT OF THE REASONS FOR REJECTING THOSE ALTERNATIVES IN FAVOR OF THE PROPOSED CHANGE; AND

The only alternative to amending the District boundaries are to maintain the existing boundaries. The landowners have reviewed the two choices and have decided to move forward with the request to amend the District boundaries thereby allowing full flexibility in landuse planning.

8. A DETAILED STATEMENT OF THE DATA AND METHODOLOGY USED IN MAKING THE ESTIMATES REQUIRED BY THIS PARAGRAPH;

A complete and thorough economic analysis for the development of the land underlying the District boundaries was developed during the Application for Development Approval (ADA) submitted during The Tri-County Villages DRI process. The methodology used to develop this economic impact statement is consistent with the ADA and the development history of the Villages.
