FACT SHEET & *Golf Etiquette Guide*

When it comes to golf, no other place in the world comes close to The Villages. This golfing community offers endless recreational play, so residents and their guests enjoy our many courses year-round. In 2023, more than 2.5 million rounds of golf were played on The Villages Executive Golf Courses alone. With this much bustling activity, it is necessary to have a long-term plan for the sustainability and perpetuity of the golfing experience.

Rest assured, the Executive Golf Maintenance team works diligently to combat the typical challenges, such as weather conditions, lack of rain, increased golfer and golf car traffic, etc., that affect the overall condition of the courses. We appreciate all residents who have contacted us with their concerns seeking a resolution or clarification. Please know that our professionally trained staff works around the clock with our contracted maintenance crews to deliver the highest quality play conditions on our Executive Golf courses.

For more information regarding Executive Golf Course maintenance and renovations and how you can help keep courses up to par, we urge you to read through our **Executive Fact Sheet and Golf Course Etiquette Guide** or visit **DistrictGov.org**.

For additional comments or concerns, Executive Golf Maintenance Director, Mitch Leininger is available via phone at 352-674-1805 or by email at ExecutiveGolfMaintenance@DistrictGov.org.

INDOORS

Tips

Watch out for silent leaks in toilets. Remove the toilet tank lid and any colored cleaning agents. Flush to clear the water in the bowl. Add dye tablets, leak detector fluid or even a few drops of food coloring to the tank. If there is a leak, color will appear in the bowl within 10 to 15 minutes. Flush when the test is completed.

Take shorter showers and make sure there are no leaks in showerheads. If there is a leak, make sure the showerhead is screwed tightly. Additionally, make sure showerheads are low-flow. Older high-volume showerheads deliver 4 gallons of water per minute. Pressures have been adjusted to the low flow fixtures to deliver as good a shower as the higher flow showerheads.

Adjust wash cycles for laundry. Select the minimum volume of water required for each load. Normal and permanent press wash cycles use more water, so use the shortest wash cycle for light loads. Stains can be pretreated to avoid rewashing.

If you believe you have a potable water leak, contact Utilities Customer Service at 352-750-0000 and they can review your billing history. Potable water conservation is a community-wide effort, we all share in the Stewardship of this valuable resource.

Recreation Center Emergency Address Information

Our dedicated staff is here to help you get the most out of your unique Villages lifestyle. When enjoying your choice of activities, we ask that you remember participating in recreational activities always involves some degree of risk. Participants assume full responsibility for and risk of bodily injury arising out of or in any way connected with participation or involvement in or presence at the activity or program. To assist you with emergency situations, the recreation & parks department has provided all outside recreation areas with a bulletin board that has important 911 information including the address/county/phone number you are calling from. Emergency 911 phones are located at all equipment buildings and pools with pertinent emergency information. We encourage all residents to become familiar with their recreation centers and 911 information. When visiting any recreation center or swimming pool please take a moment to locate these helpful areas.
