Curbside Residential Sanitation Collection Information

Guidelines for Sanitation Collection in The Villages® Community

Residents can make an impact by participating in sanitation programs!

Contained in this guide are the acceptable and non-acceptable material lists, along with contact information to learn more.

The sanitation information provided is based on the area of The Villages® where you reside. If you have any questions about this information or need assistance determining which information applies to your service, please contact the District Customer Service Center at 352-753-4508.

DistrictGov.org

The Villages Community Development Districts

Sumter County, Marion County & The Villages of Fruitland Park

Household sanitation collection processes have been streamlined, both for your convenience and for the preservation of our environment and natural resources. By having more efficient services, we reduce the carbon footprint, reduce wear and tear on roads, use less fuel and minimize traffic in your neighborhood. All waste, both household and yard waste, is collected on your two scheduled pick up days.

Questions?

For questions about routes, schedules and trash collection, please call Sumter Sanitation at 352-748-0109.

For questions regarding billing, call District Utilities Customer Service at 352-750-0000.

For more information visit DistrictGov.org.

Household Waste

All household waste should be placed in a sealed tall kitchen trash bag or a 20-30 gallon trash bag (any color). All materials can be placed in the same bag, no need to sort! The trash bags should be placed together at the end of your driveway. **No garbage cans/bins are allowed (they will be disposed of with household waste).**

Each bag should weigh no more than forty (40) pounds. Bags must be placed for collection before 6AM on your collection day or the night before (no sooner than 5PM). Collection times may vary. Deed Restrictions do not permit leaving trash out on undesignated days.

Wrap broken glass or other sharp objects in newspaper and place them where they cannot cause injury. For a list of holidays that may affect your normal collection day, please visit DistrictGov.org.

Bulk Pick Up

Items that are too large to be collected by the compactor trucks can be scheduled in advance by calling for a bulk pick up.

For those residents north of SR 44, please call 352-748-0109 for scheduling. There will be a \$10 charge added to your utilities and amenities bill each time a bulk pick up is requested.

Charges will apply for any scheduled pick up not canceled a minimum of 24 hours in advance of the scheduled date.

For those residents residing south of SR 44, please call 352-750-0000 for scheduling.

Homeowner Yard Waste

Tree limbs or branches may not exceed 5' in length, 5" in diameter or exceed 40 pounds. Bundle and tie such materials and place them at the end of your driveway. Palm fronds to face the same direction. Lawn clippings and similar yard waste must be placed in bags.

The following WILL NOT be accepted:
Dirt, Rocks, Sod,
Concrete, Contractor Waste

Waste To Energy

All waste collected by NSCUDD Sumter Sanitation/Jacobs is transported to the Lake County Reworld Thermomechanical Treatment Facility (TTF). Household waste or mixed solid waste (MSW) is turned into energy which is then transferred to the energy grid. Every 1 ton of MSW managed at the Reworld TTF facility offsets over 1 ton of greenhouse gas (GHG) emissions that would be generated if that waste had gone to a landfill. Reworld's TTF facilities typically operate at emissions levels well over 80% lower than Federal and/or State permitted emission limits. The WTE facility has advanced air pollution control and is highly regulated to protect the environment.

For residents of The Villages residing South of State Road 44, sanitation services are provided and delivered to Reworld by Tri-County Sanitation/Jacobs. For residents living in the Town of Lady Lake portion of The Villages, sanitation services are provided and delivered to Reworld by Waste Management.

Lake County Reworld TTF Facts

- Facility processes a total of 528 tons per day of MSW.
- Generates up to 14.5 megawatts of clean, renewable energy daily.
- Utilizes Air Pollution Control Equipment of semi-dry flue gas scrubbers injecting lime, fabric filter baghouses, nitrogen oxide control system, mercury control system and continuous emissions monitoring system.
- The EFW system is comprised of two 264 ton-per-day waterfall furnaces with Martin reverse-reciprocating grates and ash handling system.
- Designated a Voluntary Protection Program Star Facility by the U.S. Occupational Safety and Health Administration (OSHA) for workplace safety.

Materials NOT Accepted

DO NOT PLACE HYPODERMIC NEEDLES, HOSPITAL TYPE MEDICAL WASTE, PAINT, OIL, LAWN OR POOL CHEMICALS, MOTOR OIL OR TIRES IN YOUR HOUSEHOLD GARBAGE.

Amnesty days at designated locations are held several times a year. Contact District Customer Service at 352-753-4508 for scheduled times and locations.

Questions?

Contact the District Utilities Customer Service Department at 352-750-0000 for collection and billing information.

For more information on the Reworld Facility, please visit their website at ReworldWaste.com.
