Paradise Recreation Center Groundbreaking

The Villages celebrated a historic milestone on **August 28** with the groundbreaking of the new Paradise Recreation Center. The project will fully replace the original center, the first ever built in The Villages, with a modern facility offering a resort-style pool, expanded Mark Twain Library, game and arts rooms, shuffleboard courts, and scenic gathering spaces.

Construction is expected to take 18–22 months, with completion anticipated in late 2026 or early 2027. This revitalization honors the center's legacy while creating new opportunities for recreation and community connection.

A heartfelt thank-you to all residents, leaders, and community members who joined us for this special milestone event!

THE UNFLUSHABLES

Information provided by **JACOBS**

Keep wipes and other products from clogging your community's sewer system

To keep wastewater systems working properly, please flush only the appropriate waste down the toilet.

WIPES CLOG PIPES, SO REMEMBER THESE TIPS:

FLUSH IT:

Biological waste (urine, feces) and toilet paper are the only materials that should be flushed down the toilet. Toilet paper breaks down in water. Others products d not.

TRASH IT:

Paper towels, feminine hygiene products, wipes, and similar products must be disposed of as domestic waste and NOT flushed down the toilet.

**IT'S A TOILET
NOT A TRASH CAN**

***ONLY FLUSH TOILET
PAPER**

These steps will help us keep collection and treatment systems operating properly. If there's no toilet paper and you must use something else, keep a trash bin in the bathroom to dispose of non-toilet-paper products. Clean the bin and surrounding areas regularly. Businesses should provide similar trash bins and consider posting signs reminding patrons not to flush non-toilet-paper products.

Please help us avoid unnecessary sewer clogs and backups.
