### **Lawn Ornaments**

Lawn ornaments, or yard art, generally refers to manmade items decorative objects used to make a yard more attractive, and which are located anywhere outside the structure or footprint of the home. However, pots and planters designed and constructed for plant use are permitted so long as they are used for their intended purpose. The inclusion or attachment of flowers or plants to a man-made ornament, not originally constructed for plant use, does not change the item from a lawn ornament to landscaping. The word 'lawn' includes areas that are mulched, concreted, sodded, rocked, landscaped, bare earth, or any other material outside the structure (footprint) of the home. The following is intended as a partial reference list of lawn ornaments: any man-made concrete or ceramic statue or figure (including religious symbols), wind chimes, plastic or silk flowers, windmill, pinwheels, train sets, deer, geese, flamingos, or any other animal or human figures. Residents may check with the Community Standards Department prior to purchase of lawn ornamentation/ landscape objects.

Maintenance of landscaping is defined as the exercise of generally accepted garden-management practices necessary to promote a healthy, weed-free environment for optimum plant growth. The Rule's requirement to mow includes the requirement to weed. Grass is overgrown when it is allowed to grow to 8", or when shrubbery is up to soffit and/or rain gutters or if shrubbery is obstructing entry to the front door. If the lawn is required to be sodded, any turf grass such as St. Augustine, Bahia, Empire Zoysia, Bermuda or other may be used and shall be void of any bare or dead spots exceeding approximately 1½ feet in diameter. Florida-Friendly ground cover is permitted as a substitute for sod. Rock or artificial turf (whether silk, plastic or other material) is not an approved substitute for sod.
