RV storage fees that are delinquent beyond one hundred and 20 days (120) may result in the removal of the vehicle or other such property from the rental space and stored in a proprietary storage facility at the owner's expense. Such property shall be considered abandoned by the owner and shall, at the District's discretion, be disposed of as provided in the RV storage agreement.

9.3 Special Groups, Meetings and Banquets: A deposit may be collected prior to any event that shall cover the cost for cleaning, repair, overhead and rental of any special equipment. ECONOMIC IMPACT STATEMENT

ESTABLISHING RATES, FEES AND CHARGES AND OPERATING POLICIES AND PROCEDURES RELATING TO THE RECREATIONAL, COMMUNITY WATCH AND FACILITIES LOCATED WITHIN THE BOUNDARIES OF THE DISTRICT AND BY INTERLOCAL GOVERNMENTAL AGREEMENT, OUTSIDE THE BOUNDARIES OF THE DISTRICT; AND PROVIDING FOR AN EFFECTIVE DATE OF THE RULE.

PART II - GENERAL PROVISIONS AND DEFINITIONS APPLICABLE TO THE EASTPORT COMMUNITY DEVELOPMENT DISTRICT RECREATIONAL, COMMUNITY WATCH SERVICES AND OTHER SERVICES.

1.0 Introduction

This Economic Impact Statement was prepared pursuant to Chapter 120.54, F.S. to support the rule making action of the Eastport Community Development District rates, fees, and charges for its recreational vehicle storage and recreation facilities.

The District has acquired recreational, Community Watch and other services as well as the right to receive certain Contractual Amenity Fees pursuant to the provision of those facilities. The rates, fees and charges that are proposed to be adopted by this rule will generate revenue to pay the operating and maintenance expenses associated with these facilities and is consistent with the District's existing land covenants.

The sections below track the requirements of Chapter 120.54, F.S. concerning economic impact statements.

2.0 Estimated Costs to the District to Implement the Proposed Rule Amendment

2.1 The proposed rule will have little if any cost impact on any federal, state or local agency outside of the District. The cost to the District in terms of paper work and similar processing fees is considered to be an insignificant amount when compared to the benefit realized by the residents and the overall capital and operating costs of the District.

District costs to enact the proposed rule include:

1. Attorney's Fees
2. Advertising Costs, associated with the adoption of the rule as required by law.
3. Copying costs for any interested persons requesting the Rule, Economic Impact Statement or the notices of the adoption of said rule amendment.

2.2 Operations and Maintenance Expense

The direct costs of operating and maintaining the District's recreational amenity facilities and services are estimated in the budget which the

adoption of this rule and the establishment of the rates, fees and charges are meant to address.

2.3 Findings of Fact

- 2.3.1 The holdings and responsibilities include a substantial number of Executive Golf Courses, Community Watch, a Park, and Indoor and Outdoor Recreation Facilities and Programs for which the District has Operational and Maintenance Expenses.
- 2.3.2 The maintenance costs, repair and replacement costs and rehabilitation costs of the facilities described in Section 2.3.1 have increased over time.
- 2.3.3 The District has undertaken an aggressive preventative maintenance program for facilities, fixtures and features as reflected in its adopted general revenue budget.
- 2.3.4 The operating costs and maintenance expenses reflected in the adopted budget of the Eastport Community Development District require an increase in the contractual Amenity Fee and in the rental and use fees of the referenced structures, facilities and services consistent with the marketplace and the costs related to operation and maintenance of those facilities and services.
- 2.3.5 The District is required to comply with, and benefits from compliance with, the statutory requirements for purchasing materials and services, and realizes economic benefit through access to state contracts for purchase and economies of scale through joint bidding with other governmental entities.

3.0 Economic Costs and Benefits to all Affected Parties

- 3.1 Factors governing economic impacts through the imposition of rates, fees and charges.

The rates, fees and charges associated with the Contractual Amenity Fees and fees for services are a clear form of fee for service provided. Through the adoption of the rule the District will be able to provide those services to properties located within the District and by governmental interlocal agreements to properties outside the District which will permit the utilization of said facilities to their highest and best use. The economic benefit exceeds the costs that are anticipated to be incurred through the adoption of this Rule and the establishment of rates, fees and charges.

- 3.2 Impacts on Visitors, Citizens of Florida, and Local Residents and Business.

The development of properties within the Eastport Community Development District will enhance the area's economy. In so doing, visitors, citizens, local residents and business should benefit. The monetary amount of these

benefits is difficult to measure but they are real and are believed to be significant and positive.

4.0 Impact on Competition and the Open Market for Employment

The adoption of the rule and the implementation of the rates, fees and charges will have a positive impact on competition and the open market for employment. The utilization of properties within the District for commercial and community facility activities will stimulate the local economy creating jobs and income.

5.0 Small Business Impacts

There is no estimated adverse impact on small business as defined in the Florida Small and Minority Business Assistance Act of 1985.

6.0 Data and Methodology

A detailed statement of the data and method used in preparing the Economic Impact Statement is available at the offices of the Eastport Community Development District located at 3571 Kiessel Road, The Villages, Florida.

Exhibit 3

The Villages Community Development Districts Executive Golf Adopted Rules

The Villages has world-class Championship and Executive golf courses managed, maintained and operated by a professional golf team who is committed to providing the friendliest golf experience in world as you golf in The Villages. The Villages offers unique golf experiences for every level of play, from Championship Courses designed by some of the top names in the world of golf to extremely challenging Executive Courses, Driving Ranges and Putting Courses, as well as personalized golf lessons and coaching to get you playing your very best. Golf rules on The Villages Executive Golf Courses, like in all golf settings, are essential for ensuring fair play, maintaining course integrity, and promoting a pleasant and enjoyable experience for all players. These rules, both formal and informal (etiquette), are designed to prevent advantages, minimize course damage, and manage the pace of play.

- **Fair Play and Competition:**

Rules define how strokes are taken, penalties for breaches, and procedures for settling disputes, ensuring a level playing field and preventing unfair advantages.

- **Course Integrity:**

Rules about acceptable behavior on the course, like avoiding damage to greens or fairways, help maintain the course's condition for future use.

- **Pace of Play:**

Rules regarding pace of play, such as time limits between shots and expectations to keep up with the group ahead, ensure that rounds are completed efficiently and do not disrupt other players.

- **Social Etiquette:**

While not formally rules, golf etiquette (e.g., leaving no trace, respecting other players) is crucial for a positive social environment and contributes to the overall enjoyable experience of the game.

Villages Community Development Districts Executive Golf Adopted Rules:

The Village Community Development District and the Sumter Landing Community Development District have established and adopted rules which are specific to all District-owned Executive Golf Courses, based on recommendations from the Amenity Authority Committee and the Project Wide Advisory Committee. The intent is to limit those rules and regulations so that residents and eligible guests will obtain maximum use and enjoyment of the Executive Golf courses. Enforcement of these rules and regulations will be primarily placed in the hands of carefully selected staff, whose principal

responsibility is to assure residents and guests receive all the courtesies, comforts and services to which they are entitled. It is the responsibility of those using Executive Golf courses and facilities to know their rules and regulations and to cooperate with the staff in the enforcement of the rules. The adopted rules are designed to elevate the overall golf experience in The Villages. Course Ambassadors (rangers) have full authority to enforce rules and speed of play. Failure to follow course rules may result in a warning. Repeated violations may result in suspension of privileges.

The USGA Rules of Golf will govern play, except as modified by these adopted rules. The rules of golf consist of a standard set of regulations and procedures by which the sport of golf should be played. In addition to the rules, golf adheres to a code of conduct known as etiquette, which generally means playing the game with due respect for the golf course and other players. Etiquette is often seen as being as important to the sport as the rules themselves.

The USGA's history with the Rules of Golf is marked by consistent revision and collaboration, starting with their adoption of the rules in 1900 and evolving through various rule changes and reorganizations. Key milestones include USGA's own revised rule book in 1946 and a unified R&A/USGA code in 1952. A major reorganization occurred in 1984, making the Rules more logical and intuitive. The Rules of Golf continue to be updated and refined, with the USGA and The R&A regularly issuing interpretations and clarifying existing rules.

Good Golf Creed:

Practicing Good Golf in The Villages means:

- Consideration for others on and off the course
- Care for the golf course
- Safety on the course
- Respect for the game of golf

Distribution of Tee Times

Tee times are assigned between 12-1AM, 3 days prior to the date of play, and are distributed based on points. Golfers with lower average points will be assigned tee times first.

- Placement Points – points based on resident and golfer status (The Villages resident, guest of a resident, etc.). For a group of golfers, the group's total is averaged.
- Reservation Points – points based on the number of reservations a resident has received over the last 7 days. Guests are assigned the reservation history of their resident host.

Checking in for Golf Tee Times

- Arrive at the course 20 minutes prior to your scheduled tee time.
- Residents must present their Resident ID card at check-in.
- Check-in and pay any fees at the Starter Building.

- All play must start on the first hole, unless otherwise instructed by the Starter or one of the Course Ambassadors.
- Remain behind the designated point on the first tee of each course to allow the group ahead to complete the hole and clear the green.
- Guests must always carry their valid Guest and photo ID.

Ready Golf

According to the USGA Rules of Golf, the player who has the “honor” should be allowed to play before his/her opponent or others in the group. Ready Golf is the method of play suggested, unless in competition, for speeding up play on a course.

- Be ready to play when it's your turn.
- For everyone's safety, make sure there are no people directly in front of you.
- Park golf cars behind the green on the path in the forward direction of the next tee.
- Leave the green immediately upon finishing to allow the players behind to play.
- Play at the tee markers where you can carry the full distance required to reasonably reach the green in regulation on the majority of holes.
- Take extra clubs to your shots.
- Drop off the player farthest from the hole prior to reaching the green.
- Playing any hole after 3 over par, pick up the ball and proceed to the next hole.

Dress Code

Applies to all Championship, Executive, and Pitch & Putt Golf Courses. Applies to The Villages Golf Academy, driving ranges, warm up nets, and putting greens.

- Shoes must be worn at all times. Tennis or golf shoes with soft spikes, or shoes with no more than a 1” heel are mandatory.
- Shorts or skirts must cover the majority of the thigh and may not be cut-off or have holes.
- Denim pants are permitted.
- No t-shirts, tank tops, overalls, tennis skirts, cut-offs, biking shorts, bathing suits or athletic apparel are allowed at any time.

Women:

- Fashion golf tops may be without a collar but should not expose the stomach and must have straps at least 2” wide.

Men:

- Shirts must have a collar and sleeves (short or long).
- Turtlenecks, mock turtlenecks, and blade collars are permitted (minimum of 1 ¾” collars).

Care of the Course

- Keep golf cars on assigned paths only.
- Show up early for your tee time and obey the cart path rules. Depending on seasonal conditions, driving off the path will result in damage to the turf areas. Also, comply with the speed limit rules.
- Golf car tires must have a rounded vertical tread with a maximum depth of ¼ inches. Total tire width must be a minimum of 8 inches. Tire pressure must not exceed 28 psi.
- Fix noticeable ball marks using a tool to close the mark and then smooth with the putter or your foot.
- Before leaving a bunker, a player should carefully smooth over all holes and footprints with the provided rake.
- Take the time to fill your divots and repair your ball marks not only provides an even playing surface for the players behind you, but it also helps the grass recover and grow in more quickly.
- Observe cart directional signs and stakes and avoiding driving too close to tees and greens protects the playing surface. Courses are monitored frequently to identify areas that might be especially worn, prone to mud or erosion, or working to regenerate.
- Retrieve your ball from the cup with your hand slowly and carefully while the flag remains in the cup, in accordance with a recent United States Golf Association (USGA) rules update, means that future putts will not be adversely affected by a cup with dinged edges.
- Replace divots, avoid walking on the steep face of a bunker, repair any pitch marks or indentations caused by hitting the green. Using a tee, knife, key or repair tool, repair the mark by working the edges towards the center, without lifting the center of the mark. Don't tear the grass. Finish by smoothing the area with a club or your foot. Get the area smooth enough to putt over.
- If you land in the bunker, rake out your footprints and play area. This makes the area more aesthetically pleasing and playable for the remainder of the day.
- Don't talk while others are hitting and do not distract other golfers. Always be silent and stand out of view of golfers. Make sure you stay off your phone and always know when other golfers are hitting.
- Be careful where you walk at all times, and do not spend too much time looking for balls. When in a group, help other players to find their ball to keep the game

play moving.

- Maintain an appropriate pace and avoid slow play. Keep pace with the group ahead of you and keep the game moving. Don't hit a ball into the group ahead of you.
- Don't step on your fellow players putting lines - the imaginary line that connects the ball to the hole. If your ball is on a player's line, volunteer to mark the ball. If your ball is not furthest from the cup: mark your ball, either with a plastic marker or a small, thin, dark coin such as an old penny. After you have marked your ball, place your putter down at a 90-degree angle with the heel touching your marker. Move the marker from the heel to the toe of your putter. Reverse the procedure to return the ball to its original position.
- Do not stand where you might distract a fellow player and don't move. Don't make any noise when your fellow player is preparing to putt. If you hold the flagstick, do so at arm's length so the flag doesn't flutter in the breeze, and make sure your shadow doesn't fall across the hole or line. The flagstick should be removed right after the player has hit the ball.
- If you lay down the flagstick, lay it off the green to prevent doing any damage to the green.

- Always yell “FORE”, when an errant ball is hit towards others. Fore is a commonly used golf term which means “duck and get to cover”. While it is rare for someone to get hit by a golf ball, it can happen and may result in serious injury.
- After everyone has puttied out, immediately walk to the next tee.
- Fix your Ball Marks. To properly repair golf ball marks on the green, gently push the surrounding turf towards the center of the indentation with a ball mark repair tool or a tee, avoiding lifting or prying motions that can damage the roots.
- Sand your Divots. Sand will help water evaporate, promote healthier root development and improve drainage. If it is not filled, the hole will remain as the turf grows back but it may cause inconsistent areas of play and unhealthy turf from uneven cuts with the mower. Sanding of Divots helps repair the turf for better play and better turf health.
- Golfers must park Golf Cars with All Four Wheels on the Cart Path at Tees Boxes and Greens to protect the turf from wear and tear. Always use the Cart Path when traveling to reach your next ball position. Do not ride on the Fairway.
- Maintain the Pace of Play. Be ready to play when it's your turn; take multiple clubs around the greens or when away from your cart. Read your putt prior to your turn; do not wait to finish tap-ins. Always keep up with the group in front of you.
- Lastly, keep quiet, avoid standing directly behind the ball, and don't walk through someone's line. Respect others by not hitting into the group ahead, letting faster groups play through, and repairing divots and ball marks. Think safety at all times!

Safety on the Course

- Golf courses are restricted to golfing traffic only.
- No riding, biking, fishing, walking or other recreational activities are permitted.
- No pets.
- Allow golfers ahead to move out of range before hitting a shot.
- Play is over at dusk (30 minutes after sunset).

Weather & Lightning Safety

- Seek shelter immediately at the first sign of lightning.
- Courses do not close due to lightning, although we recommend you leave the course if you see lightning.

Weather Delays

- In the event of frost or extreme fog, the course will be closed until such time that play is determined to be safe and will not damage the course.

Course Access Pass (CAP)

Issued only to those individuals who have a state certified disabled parking permit. A valid handicap placard, along with a driver's license and registration must be presented to Golf Administration to obtain a CAP card.

- Tag must be prominently displayed on the golf car while playing the course.
- Applies only to the individual(s) with the card.
- Parking of golf car(s) on the slopes/surrounds of any green is prohibited.
- Golf cars must be kept a minimum of 10 yards from greens.
