REGISTRATION PROCESS

Registration for all classes must be completed online at pickleballcommunity.com, select 'Instructional Programs' then select the specific class you would like to sign up for. For additional info or questions please email info@pickleballcommunity.com

DISCLAIMER

If classes are canceled due to inclement weather, participants will need to sign up again for a future class following the same registration process detailed above. Classes will not be cancelled until 60 minutes prior to class start time, unless deemed necessary for the public health and safety of all participants. Please check with the listed center for cancellations.

BEGINNER (BEG) AND ADVANCED BEGINNER (ADV BEG) OPEN PLAY SCHEDULE

Players participating in the Instructional Classes are encouraged to play at these Open Play times. No registration is required for these sessions, simply arrive at the courts and rotate in with the other players in attendance. Times may vary due to other programming or maintenance. For more info please contact the host Recreation Center or review the Recreation and Parks Publication, available online at DistrictGov.Org or at any Recreation Center.

Open Play at courts from 7-10am throughout The Villages is not recommended for beginners.						

Description of Classes & Clinics

Intro to PB Virtual Classroom	Introduction to Pickleball: A virtual classroom is available at pickleballcommunity.com. Select Instructional Program and then select Virtual Classroom. This is required viewing prior to attending Intro to PB.
Intro to PB	Prerequisite is Virtual Classroom: Students will learn the physical demands of the game, as well as balance, footwork, and movement. Through eye-hand coordination drills & paddle drills they will learn paddle & ball interaction. Learning basic serves, ground strokes and dinks will prepare them to play. Instructors will advise students when they are ready to move on to Beginner Mentored Play.
Beginner Mentored Play (BMP)	Prerequisite is Intro to PB: Students will attend five BMP sessions before moving onto Advanced Beginner Clinic, unless advised by the BMP Mentor to advance without attending 5 BMP sessions.
Advanced Beginner Clinic	Prerequisite is both Intro to PB and the BMP series: Students will be taught how to practice and drill on their own through a series of drills. Focusing on the strokes learned in Intro to PB, the students will dink, serve, and hit both forehand and backhand ground strokes. Some students, with advanced skills, may be taught additional strokes. Instructors will advise students when they are ready to move on to Skills Clinics.
Clinics	
Residents who have completed the Intro to PB courses and those residents who are trained elsewhere and meet the standards of a 2.5 player as defined on the pickleballcommunity.com website may sign up for the Non Volley Zone Concepts and Full Court Concepts.	
Clinics	1. Non Volley Zone Concepts: Development techniques to improve Non Volley Zone shots using a games-based drill and play format. Instruction on creating open space, ball pace, moving opponents, ideal strike zone, paddle angles, and ball pathways to achieve a variety of shots for successful play. 2. Full Court Concepts: Teaching the deep forehand and backhand ground strokes needed in the serve and return of serve. Focus on transitioning to the non-volley zone using the drop-shot via games-based drills and play. 3. Partner Development Concepts: This is a circuit style class with 3 courts designated for Full Court game play, and 3 courts focused on strategies for the Non Volley Zone. Players rotate to all courts during the class time and intermix with other participants. Students must have a 3.0 PCVG or DUPR rating to attend. 4. Strategy Play Concepts: This class is designed to utilize your skills to execute a successful game plan against any opponent by introducing offensive and defensive strategies, with an emphasis on the transition zone. Students must have a 3.0 PCVG or DUPR rating to attend. 5. Moving Beyond 3.5 This class focuses on the following 3 key areas: the first 5 shots of a rally, Non Volley Zone play, and playing under control. Students must have a 3.5 PCVG or DUPR rating to attend.

At all levels of instruction, we recommend that students practice what they have learned. Look in the Recreation & Parks Publication or check the schedule above for Beginner Play times. This court time is designed for beginner players to develop their game with players at a similar level.

For additional info, questions, or to sign up for e-mail updates please email info@pickleballcommunity.com or visit www.pickleballcommunity.com
